EDUCATION

University of Missouri-Kansas City, Kansas City, Missouri – BS Degree in Computer Science

August 2021 - Present

Current GPA: 3.8

Graduation Date: 2024 Dec

Skills

- Microsoft Office
- C#, C++, java, python, and racket
- Software Engineering
- Code reading

EXPERIENCE

Mizzou NSF REU Program, Columbia, Missouri — Coding Internship

May 2023 - July 2023

Research project to develop an AI model that detects/predicts cybersickness. Created a transformer model that could come up with a 85% accuracy in detection from 10 classifications.

Languages

- English
- Understand fluent Spanish but can only speak basic words.

Undergrad NASA Project, Kansas City, Missouri — Coding Internship

December 2021 - April 2022

Researched on AI used to simulate transmissions to outer space and calculate the strength of the signals. Created an interface where you can interact with the AI model and determine the recommended frequency for certain circumstances.

SPCN - 2020 and IEEE Brain Initiative BDBC Conference,

Taiwan — Web Master Internship

August 2020 - September 2020

Set up conference website for the 5th International Symposium on Audio and Video Signal Processing in the Context of Neurotechnology, with reliable communication and updates to the website's needs. The conference was conducted remotely through multiple worldwide locations.
